

II: Claims 51-55, are drawn to a detectable complex comprising an antigen of interest and a multispecific molecule, classified in class 530, subclass 387.1.

The Examiner contends that the inventions of Groups I and II are distinct.

Applicants elect, without traverse, the invention of Group I, claims 1-50, to prosecute in the present application without prejudice to prosecute the subject matter of the non-elected Group in subsequent applications.

It is believed that no fee is necessary for filing this response. In the event that a fee is required, please charge the required fee to Pennie & Edmonds LLP Deposit Account No. 16-1150.

### CONCLUSION

Applicants respectfully request that the foregoing remarks be entered and made of record in the file history of the application. An early allowance of the application is earnestly requested.

Respectfully submitted,
